Customer's Address :

6 West Road, Taunton, TA4 2TF

Customer's E-mail address :

Information :

As ward councillor, I support this application. If this view is contrary to the recommendation for the application, I request that it be referred to the area planning committee for decision. Any harm is minimal and, in my eyes, the appearance of the proposed solar panels do not detract from the building. There is considerable benefit from the renewable energy that will be generated and used on site, which will assist in addressing the climate emergency.
